

Town of Hudson, NH – Engineering Department

Hydrant Fire Service Flow Test

Before the Town of Hudson notifies PWW of test we must collect the **Application Fee listed below** (Town or private hydrant). Testing should be performed after hours, around 8:00 p.m. or later.

The applicant(s) is responsible for providing all equipment and personnel necessary to perform the flow test. Results of the test will be provided to the Hudson Water Utility through the Hudson Engineering Department. The flow test must be monitored by the Hudson Water Utility authorized agent (typically Pennichuck Water Works staff).

**** Testing is usually scheduled out 3-5 business days.**
