**To:** 'Daun, Mary'  
**Cc:** Kirkland, Donald; McKenna, Leah  
**Subject:** RE: Hudson NH Landfill - West Road

Thank you Mary

Our intent is to select a firm , develop a plan of attack and meet with you before we execute it

We will reach out soon after we select a firm

Thanks again

E

We will be in touch

Hi Elvis,

As discussed with you via phone on March 24, we understand that the Town of Hudson will proceed with obtaining an engineering firm to perform an investigation on whether and how much the existing landfill cap was disturbed by the RC airfield construction activities and structures. NHDES agrees that an investigation should be performed. Please schedule a meeting with the department prior to initiating any proposed remedial activity or any activity that may further disturb the cap system.

Let me know if you have any questions,  
Regards,  
Mary

Good Afternoon,  
Thank you for the information. Our Engineering and Permitting program will review and get back to you if we have questions or comments.  
Leah

Leah

I hope all is well

Please see attachment for your records

Basically , there was some unauthorized and unapproved work done at this location by an RC club between 1998 and 2003.

We are in the process of hiring an engineering firm to help us out get a better understanding of the situation and determine the next steps we need to take to address this

We would be advertising for the engineering and environmental services today and should have someone on board within 6-8 weeks from now

Any feedback from you or your department would be greatly appreciated and let me know if you need anything else

E
